

Host Family Survey Results

1st Qualitative evaluation

Families from the countries of the project participated in our host family survey to tell us about their hosting experience:

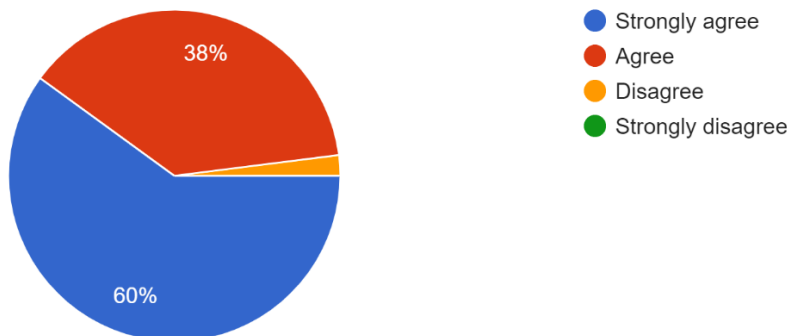

- I enjoyed being a host.
50 risposte

As part of the survey, we asked if they would host an international student again.

98% of our host families said they would host again.

- Thanks to this experience, we would like to host another pupil in the future.

In addition, other aspects in the survey must be mentioned:

1) Being a host family can promote the desire for students to participate in future LTTA

- I (my child) would like to go abroad for an exchange.

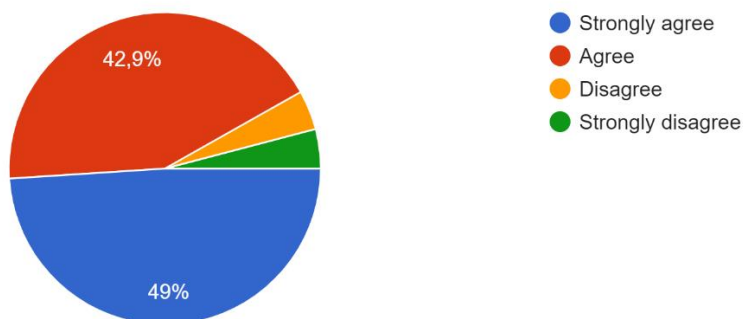

49 risposte

2) The survey gives the schools a positive feedback about the communication and the organization: 92,8% show satisfaction about it.

- I am satisfied with the information that was provided by the organization.
